

## Are residents permitted to participate in activities and outings?

The guidance from the Centers for Disease Control and Prevention for Long-Term Care facilities calls for cancellation of all communal dining and group activities. <https://www.cdc.gov/coronavirus/2019-ncov/hcp/long-term-care.html> For this reason, residents are not to congregate in places like the art and craft spaces, the library, lounge, or dining room. Ask the Life Enrichment Coordinator for a calendar of virtual programs and modified activities that may be available.
