

New for 2020

Navigator Coordinated Care

Get a more integrated approach to care

Navigator helps members get the right care, at the right time, in the right place. It's care that's coordinated to simplify the member experience, improve access, and promote member engagement through shared decision-making within an accountable network of providers.

**Multiple
plan designs**

**Controlled
costs**

**Clinical
integration**

**Unified
communications**

Through data sharing and accountable care management, providers are better informed to direct and guide the patient experience across the full spectrum of health conditions—helping members engage and attain their healthiest selves.

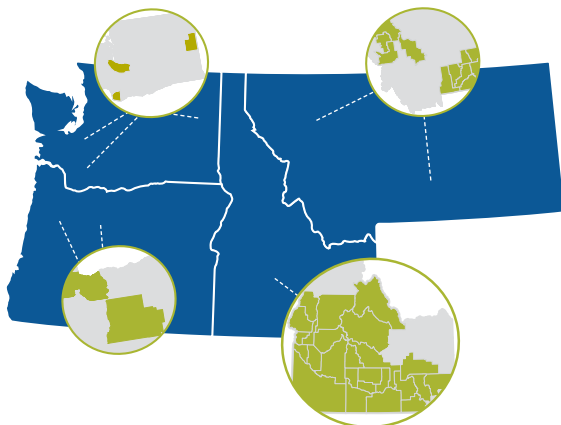

Available for:

- + Individual
- + Small Group
- + Large Group
- + Self-Funded

Members-first access across the four-state enterprise

Navigator is available for purchase in specified counties. Unlike other competing coordinated care options, Navigator members have access to in-network care beyond their home state.

For members traveling outside Idaho, Montana, Oregon, and Washington, access to care is available through our partners, First Health® Network and First Choice Health™ (Alaska).
