

New for 2020

# Pathfinder

## Coordinated Care

### Partnership for care that's uniquely Portland

**Pathfinder** is composed of plans and a network to help simplify member access to Portland's leading providers. As a competitively priced option, Pathfinder is powered by an innovative partnership of doctors and facilities to encourage patient-focused engagement.

Available for:

- + Small Group
- + Large Group

Multiple plan designs

Controlled costs

Clinical integration

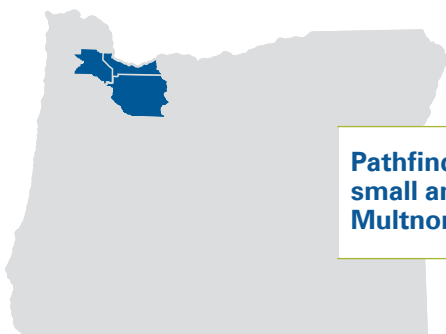

Unified communications

Through data sharing and accountable care management, providers are better informed to direct and guide the patient experience across the full spectrum of health conditions—helping members engage and attain their healthiest selves.

### An innovative path for member choice

As a coordinated care product for the Portland tri-county area, Pathfinder is powered by Legacy Health and OHSU Health, which includes Tuality Healthcare and Adventist Health Portland. For members traveling outside Idaho, Montana, Oregon, and Washington, access to care is available through our partners, **First Health® Network** and **First Choice Health™** (Alaska).

Pathfinder plans are available for small and large groups in Clackamas, Multnomah, and Washington counties.
