

Financial protection that fits your needs

With most plans:

- Coverage is available for your spouse and eligible dependent children.
- Benefits are paid directly to the insured, unless specified otherwise.
- You can take your coverage with you when you retire or change jobs, with no increase in premiums.
- You may receive benefits regardless of any insurance you have with other companies.

Everyone's benefit needs are different. That's why it's important to choose the benefits that are right for your personal situation.
